REQUEST FOR DECISION

| AGENDA ITEM | 8.1 |
|------------------------|--------------------------------|
| ORIGINATING DEPARTMENT | Corporate Services |
| SUBJECT | 2020 Q1 & Q2 Financial Reports |
| COUNCIL DATE | October 13, 2020 |

BACKGROUND/PROPOSAL:

Attached are the four quarterly schedules outlining the revenues and expenses for each department, cash balances, Restricted Surplus provisions and capital expenditures as of March 31, 2020 and June 30, 2020.

DISCUSSION/OPTIONS/BENEFITS/DISADVANTAGES:

Revenue and Expenses: The presented information was combined on a pro-forma basis and includes comparison data for the same time frame in 2019, as well as corresponding budget information.

Cash Balances: As of June 30, 2020, there is approximately \$3.5M in the operating account, which is a \$1.8M increase over the previous quarter ending balance due to the receipt of property tax payments. There is also approximately \$855k in investment accounts and \$6.3M in Restricted Surplus identified accounts, for total holdings of just over \$10.6M. In Q2, interest rates paid on bank accounts declined significantly to approximately a third of the previous rates.

Restricted Surplus Accounts: These accounts are a mechanism to track resources allocated by Council towards specific projects or for future life-cycling expenditures and emergent issues. The resources identified are not intended to reflect a specific bank account balance, as they may incorporate various accounts or investments.

Capital Expenditures: project specific comments are included in the schedule

ALIGNMENT WITH STRATEGIC PLAN

Strategic Priority 1. Sustainable Governance

1.1 Improve communication and transparency with our stakeholders.

ADMINISTRATION RECOMMENDATIONS:

That Council accept the 2020 Quarterly Financial Reports as information.

MOTION:

That the Town of Sundre Council accept the 2020 Quarterly Financial Reports as information.

Date Reviewed: October <u>소 영</u>, 2020

SUBJECT: FortisAlberta Franchise Fee for 2021

ORIGINATING DEPARTMENT: Corporate Services

AGENDA ITEM: 8.2

BACKGROUND/PROPOSAL:

See Report to Council for further details

DISCUSSION/OPTIONS/BENEFITS/DISADVANTAGES:

See Report to Council for further details

ALIGNMENT WITH STRATEGIC PRIORITIES:

See Report to Council for further details

ADMINISTRATION RECOMMENDATIONS:

Administration recommends Council leave the Fortis Franchise Fee at 10.00% for 2021. Such a decision is estimated to have an additional \$0.43/month (\$5.16/year) impact on the average residential bill and an increase of revenue to the Town in the amount of \$11,692, which are a result of estimated increases to the Fortis rates.

COSTS/SOURCE OF FUNDING:

See Report to Council for further details

MOTION:

The Town of Sundre Council maintains the Fortis Alberta Franchise Fee at 10% effective January 1, 2021.

COUNCIL DATE: October 13, 2020

SUBJECT: Fortis Alberta Franchise Fee for 2021

ORIGINATING DEPARTMENT: Corporate Services

AGENDA ITEM: 8.2a

BACKGROUND/PROPOSAL:

Every year FortisAlberta requests every municipality that has a Franchise Agreement to respond in writing with their decision to either increase, decrease or keep their franchise fee the same. For a change in the franchise fee to be implemented for January 1, 2020 FortisAlberta must be notified of the fee change by November 1, 2019. The Town must advertise the fee change for two consecutive weeks. **Therefore, Council must approve any change in the franchise fee at the October 13, 2020 Council meeting.**

The current rate for the Town of Sundre is 10.0%. Council, in approving the rate for 2020, passed the following Motion No. 329-07-10-19:

"MOVED by Councillor Warnock that the Town of Sundre Council sets the FortisAlberta Franchise Fee to 10% effective January 1, 2020."

As per Article 5 of the Electric Distribution System Franchise Agreement, the Town of Sundre has the option to adjust the franchise fee percentage annually upon written notice to FortisAlberta. The percentage increase must not go over the agreement's current cap which is 20%, as was determined by Council during negotiations of the FortisAlberta franchise agreement in April 2013.

In 2013 budget discussions, during budget parameter setting, Council chose to have the franchise fee directly offset taxes rather than being used for specific projects and set the fee at 5%. The franchise fee remained the same until the September 28, 2015 Council meeting when Council increased the rate to 7% for the 2016 fiscal year. The franchise fee, was further adjusted to 8% for the 2017 fiscal year and to 9% for the 2018 and 2019 fiscal years.

For comparison purposes, the 2020 franchise fee for each of the five municipalities within Mountain View County are as follows:

| Carstairs – 10.0% effective Jan 01/15 | (|
|---------------------------------------|---|
| Didsbury - 17.00% effective Jan 01/16 | 1 |

Cremona – 10.0% effective Jan 01/16 Olds – 15.00% effective Jan 01/19 Crossfield – 0.00% effective Jan 01/15 Sundre – 10.0% effective Jan 01/20

DISCUSSION/OPTIONS/BENEFITS/DISADVANTAGES:

Council has the opportunity to increase, decrease or leave the fee the same as long as it does not exceed the 20% cap established in the franchise agreement with FortisAlberta.

Currently, the Town is averaging approximately \$17,250 per month or \$207,000 for the year. Utilizing the Franchise Fee Calculator provided by FortisAlberta the amount of revenues raised for 2021, if the Franchise Fee were left unchanged, will be approximately \$218,808. One philosophical purpose of implementing a franchise fee would be to achieve a return on investment from third-party utilities for the use of municipal assets and agreements, such as land and right of ways. An additional philosophy is the diversification of municipal revenue streams, which would thereby help reduce the required property tax burden and allow for revenue to be generated from entities that would be exempt from municipal property taxes.

To assist Council in determining the impact of the franchise fee on the average residential bill the following estimates were developed utilizing the FortisAlberta Franchise Fee Calculator. Currently, the 10% 2020 Franchise Fee impacts the average bill by \$6.47/month or \$77.59/year

| Estimated Fee | Estimated Town Revenue | Additional Average Bill Impact |
|---------------|------------------------|--------------------------------|
| 9.5% | \$207,867 | \$0.09/month or \$1.08/year |
| 10% | \$218,808 | \$0.43/month or \$5.16/year |
| 10.5% | \$229,748 | \$0.78/month or \$9.36/year |
| 11% | \$240,688 | \$1.12/month or \$13.44/year |
| 11.5% | \$251,629 | \$1.47/month or \$17.64/year |

ALIGNMENT WITH STRATEGIC PRIORITIES:

This supports Council's strategic priorities of financial stability and community well-being

ADMINISTRATIVE RECOMMENDATION:

Administration recommends Council leave the Fortis Franchise Fee at 10.00% for 2021. Such a decision is estimated to have an additional \$0.43/month (\$5.16/year) impact on the average residential bill and an increase of revenue to the Town in the amount of \$11,692, as a result of estimated increases to the Fortis rates.

COSTS/SOURCE OF FUNDING:

There is no cost as the Franchise Fee generates revenues for the Town.

ALTERNATIVE ACTIONS:

Council can also choose to increase or decrease the FortisAlberta Franchise Fee or 2020.

REQUEST FOR DECISION

| COUNCIL DATE | October 13, 2010 |
|------------------------|--|
| SUBJECT | Proclamation of Development Officer's Week |
| ORIGINATING DEPARTMENT | Planning and Development |
| AGENDA ITEM | 8.3 |

BACKGROUND/PROPOSAL:

A Development Officer is a current planning and development specialist with knowledge in current legislation, policy and bylaws, systems and technical requirements for physical development within communities in the Province of Alberta. A Development Officer enforces and administers land use regulations and policies on behalf of a municipality and is designated to the position of Development Authority by the municipality as defined by the *Municipal Government Act*, RSA 2000, Chapter M-26.

DISCUSSION/OPTIONS/BENEFITS/DISADVANTAGES:

The ADOA holds a yearly conference where municipalities that endorse the proclamation are recognized. This year, due to the Covid Pandemic the yearly conference was cancelled. The Alberta Development Officers Association (ADOA) is requesting municipalities recognize the contribution that Development Officers provide and to publicly recognize the work of our municipal colleagues in planning and development for the improvement of their communities.

ADMINISTRATION RECOMMENDATIONS:

That the Council of the Town of Sundre endorse and proclaim October 26 - 30, 2020 as Alberta Development Officers week in Sundre.

COSTS/SOURCE OF FUNDING:

Mayor's Report to Council – October 5, 2020

Wednesday September 9, 2020 – 10:00 – 12:00 – Greenwood Park – I was interviewed by the newly appointed Executive Director of the Red Deer River Watershed Alliance, Josee Methot, as part of the "Stories of the Watershed" Project. I have enclosed the project purpose and goals, list of interviewees, key messages, and some of the questions covered during the interview. Please feel free to ask questions about the interview.

Thursday September 17, 2020 - **Red Deer River Municipal Users Group Executive Meeting (10:30** – **12:00) and Regular Meeting (1:00 – 3:30)** – Drumheller Recreation Centre – This was the first "inperson" meeting held since the COVID lockdown. Members could attend in person and attend through ZOOM. The Red Deer River Municipal Users Group completed "Integrating Source Water Protection and Watershed Conservation into Municipal Planning: Report and Statutory Plan Guide", last year. I have included a summary page for Council members. A full copy of the report is available on the RDRMUG website:rdrmug.ca. In November 2017, RDRMUG completed "A Toolkit For Protecting Source Water Quality In The Red Deer River Watershed". This is also available on the website.

The Red Deer River Municipal Users Group (RDRMUG), is an association of rural and urban municipalities within and near the Red Deer River Basin. The Group has 38 member municipalities representing about 80% of the total population of the basin (over 300,000 residents). The Group provides a mechanism for the members to work together toward achieving common goals to assure water quality, security, conservation, source water protection and best practices in land use planning. The Group is self funded at 25 cents per capita, and meets as a forum for all members, rural and urban, to voice concerns, issues, and share best practices. Guest speakers attend many meetings to bring the members information on many "water" related issues relevant to all members and the residents, businesses and industries in their municipalities. The Group focus is solely on municipal issues, where the Red Deer River Watershed Alliance has a much broader mandate. Both groups work very closely together because their core purposes of environmental stewardship aligns perfectly. Water quality, water security, continuously improving water conservation practices, education, and future land use planning to balance, and promote reducing environmental impacts to the Watershed, is critical for everyone in the Watershed.

The Red Deer River Municipal Users Group will be meeting with Environment and Parks Minister Nixon October 23rd to hear about future plans the Ministry has that may impact municipalities, and offer some thoughts for Ministry consideration.

Friday September 18, 2020 – 2:00 – 3:00 – Meeting with Minister Nixon – Sundre Constituency Office. The purpose of the meeting was to bring updated details of the waste water treatment file to his attention, finalize agenda items for the meeting with Transportation Minister McIvor October 2nd. Highway 27 round-a-bout restoration and overlay details, as well as our waste water treatment project details will be part of that meeting.

Monday September 28, 2020 – 9:00 – 12:00 – Mountain View Regional Waste Management Commission – ZOOM meeting. Attached, please find the summary highlights. No increase in tipping fees per tonne at the landfill – remaining at \$95 per tonne – and the reduction of 9%, down to \$24.73, in the 2021 municipal fee for service to municipalities.

STORIES OF THE WATERSHED PROJECT

PROJECT PURPOSE AND GOALS

Overview: The purpose of the RDRWA's Stories of the Watershed project is to combine science, storytelling, and creative communications to educate and inspire people across central Alberta to protect watershed health, and to inform land-use decision-making. Inspired by recent advances in areas of science communications and visual storytelling, the Red Deer River Watershed Alliance and our key partners will:

- 1. Engage citizens in the five zones of the watershed to capture their real-world stories linked to water, reflecting key water-related issues and opportunities.
- 2. Develop a suite of focused science-based messages about the Red Deer River watershed.
- 3. Combine these local stories with supporting science and use creative communications tools (e.g., images, videos, journalism) to reach a broad audience of central Albertans.

These local stories, whether a photo, short video or part of our Humans of the Watershed interview series, are intended to profile the breadth and diversity of the watershed, and give audiences a real sense of place and connection to local waters, lands, and communities. The stories we tell will strive to put a human-face to the issues, highlighting connections to people and the economy. The target audience is municipalities in the basin (including Councillors and senior staff), although the stories will also be used to communicate with other audiences.

Red Deer River Watershed:

The Red Deer River watershed covers an area of over 49,650km² and is home to 300,000 people. Interviews are scheduled for each of the five zones: Upper Headwaters, Lower Headwaters, Central Urbanizing, Central Agricultural, and Dry Grasslands.

List of Interviewees:

Interviewees include Dr. John Pomeroy (Global Water Futures), Mayor Terry Leslie (Town of Sundre), Michael Dawe (Councillor, City of Red Deer), Alan Hampton (Farmer and Agricultural Fieldman, Starland County), and MLA Nate Horner (Drumheller-Stettler), and two more interviewees to be scheduled.

Key Messages:

- 1. Waters are fundamentally connected "We need to think upstream, downstream, and below ground."
- 2. This is a gravel-bed river system "There is more than meets the eye when looking at the river."
- 3. Water is limited "We're not as water rich as we think we are."
- **4. Water is the foundation for our shared futures** "The basis of our future prosperity, health, recreation, etc."
- 5. Watershed is our home and vast scale/diversity of the RDRW Sense of place and pride of home
- 6. Municipalities matter "Watershed management can provide benefits to

municipalities. Need to look at planning, infrastructure, natural assets, etc).

Interview Questions

We have prepared a few questions in advance of our interview with you and welcome your thoughts on the following:

- 1. Tell us a bit about yourself.
- 2. Tell us a bit about Sundre and the region. Paint a picture of the region/key sectors/landscapes/etc.
- 3. How has the river shaped the history and development of Sundre?
- 4. We like to say that "water is the foundation for our future prosperity." How does water shape the economic development of Sundre? Can you speak to the role that water will play in the future growth of Sundre/prosperity of the region? (Speak to various sectors).
- 5. Sundre is the first community upstream along the Red Deer River. How does Sundre's position upstream influence the community? What would you like downstream neighbours to know?
- 6. What are you hearing from your constituents in terms of issues that are important to them when it comes to land and water?
- 7. What are some of the greatest challenges, and in turn opportunities, when it comes to dealing with water and land-related issues as Mayor?
- 8. Have you had to deal with flood or drought? When? What did you do to cope?
- 9. Did you know that the Red Deer River watershed is considered a "water-constrained basin"? What does that mean to you?
- 10. What do you feel are the most critical pieces of information/tools for elected

officials when it comes to understanding and prioritizing land and water-related issues at a local or provincial scale? What are some management opportunities for municipalities?

- 11. Are there any myths or misconceptions about water that central Albertans should be aware of?
- 12. What are some of the barriers to communicating about water and land issues effectively with different audiences? E.g., elected officials, senior municipal staff, citizens.
- 13. How can we encourage municipalities and citizens to think more proactively about upstream/downstream connections and the lens through which each view water?
- 14. Approximately 50% of the water yield in the watershed is generated from the Rockies and Foothills along the Eastern slopes. How does Sundre grapple with land-use considerations as they relate to water supply/quality? What have you learned over the years about the importance of these landscapes for downstream water quality and quantity?
- 15. What do you love about the Red Deer River watershed?
- 16. Is there anything else that you would like to share with us or anything you feel it is important for viewers of this film to know about?

RED DEER RIVER MUNICIPAL USERS GROUP - NEW REPORT INTEGRATING SOURCE WATER PROTECTION AND WATERSHED CONSEVATION INTO MUNICIPALPLANNING: REPORT AND STATURORY PLAN GUIDE

Fundamental principle

Water is the lifeblood of municipalities. It is vital for municipal sustainability, including economic viability, environmental integrity, social well-being and cultural vibrancy.

Report Purpose

To encourage municipalities to integrate source water protection and watershed conservation into the DNA of municipal statutory plans.

Why is this important to municipalities?

- Like land, water is a crucial municipal natural asset.
- Water availability has various strategiceconomic, social and environmental benefits.
- All human land use activities affect watersheds, and thus source water.
- Land use and development impacts water resources, both quantity and quality.
- A major municipal responsibility is land use planning.
- Cooperative municipal planning approaches within a watershed improves outcomes since source water transcends municipal boundaries.
- Good quality source water saves communities money (e.g. drinking water treatment costs).
- Integrated land use planning promotes community safety and resilience to disasters.

The following are the policy statements of 's two municipal associations' regarding the integration of land and water management: Alberta

- Rural Municipalities Association (RMA) notes in its Position Statement on Water that municipalities are responsible for land-use planning and environmental decisions where water bodies or wetlands are factors.
- Alberta Urban Municipalities Association (AUMA) emphasizes one of the most important ways that we can effectively
 manage our water is to change the way we manage our land. It is vitally important to combine land use
 management with watershed management to ensure that both our land and water are protected.

Current aproaches within municipal statutory plans within the Red Deer River watershed

Water related considerations in municipal statutory plan within the Red Deer River watershed is spotty and inconsistent. Some of the reasons for this likely are: water is taken for granted (turn on the tap and out comes the water); drought conditions are more uncommon than floods; The Province gives only very limited direction to municipalities to address water in statutory plans; there are many other municipal priorities to address; limited municipal financial and staff resources to broaden the scope of a statutory plan to meaningfully address water related matters.

Municipalities can, and should, improve the integration of water related policies into land use plans. It is important that municipalities be leading in watershed conservation, and thus source water protection.

Recommendations to municipalities

- 1. Recognize their local water is a product of the ecology of the watershed, and thus commit to collaborating with other municipalities to advance watershed conservation to ensure a sustainable water supply of good quality water for all communities.
- 2. Become leaders in advancing water efficiency, source water protection and integrated planning through collaboration among municipalities.
- 3. Integrate land use planning, source water protection and watershed conservation within statutory plans, recognizing that goals and policies may be further detailed in environmental management plans, parks plans, public works plans, etc.
- 4. In adopting municipal development plans, consider using a natural assets framework which is demonstrated in the Addendum to this report (Plan Guide).

Report Availability

The report and statutory plan guide are available on the Red Deer River Municipal Users group website: rdrmug.ca.

Waste Commission Board meeting - September 28th, 2020

- For the period ending August 31st, 2020, tonnage received at the landfill was 17,968 tonnes which is 42% above budget. Commercial tonnage receipts of 12,033 tonnes year-to-date remain strong at 62% above budget, and now exceed the full-year budget forecast of 11,250 tonnes. Cumulative municipal waste and transfer station receipts are 17% and 30% above budget respectively and reflect the increased recycle materials diverted to landfill as processors were temporarily closed due to COVID-19 earlier in the year.
- Total revenue of \$2.39 mm is at 80% of full year 2020 budget of \$2.973 mm compared to 67% expected for this time of year. Strong commercial receipts account for the majority of the operating surplus.
- Total expenses of \$1.85 mm is at 62%, compared to 67% expected, of the 2020 budget of \$2.98 mm. Despite the significantly higher tonnage processed, the costs to run the Commission have stayed essentially flat due to improved operational efficiency.
- Due to the recent strong financial results, the Commission's combined unrestricted and restricted reserve balances are currently \$3.03 million.
- The Board accepted Administration's recommendation to extend the current contract haulers agreement with Airdrie Waste Management to December 31st, 2021. This will align the contract term to the fiscal year-end for the Commission, as well as all member communities.
- In addition, the Board passed a resolution to maintain the current recycling hauling indefinitely as defined in the current Waste Services Agreements. The Commission had previously considering terminating the Commission's role in managing the recycle hauling services due to poor performance of the previous contractor and the negative impact on each community as a result. However with the past issues resolved, the Commission intends to maintain the management of the recycle hauling indefinitely.
- The Board authorized Administration to enroll the Commission in the pilot program for the expanded electrical waste collection program. This program is an expansion on the current TV's, computer equipment program to include over 600 additional electronic items. Further information is available at the Alberta Recycling Management Authority ("ARMA") website <u>www.armapilot.com</u>.
- The Board approved the 2021 operating and capital budget including the following highlights from the fee structure:
 - No increase to the Tipping fee of \$95.00 per tonne at the Landfill, and \$225/tonne at the Transfer Stations for MSW.
 - Municipal fee for service for 2021 is set at \$24.73, representing a 9% reduction compared to 2020.
 - The 2021 Operating budget is based on receipt of combined MSW tonnage of 21,888 tonnes, which is consistent with the average receipts over the past two years under the reduced Commercial tipping fee.
 - The 2021 Capital budget will include construction of an expanded Cell 7 at a cost of \$1.45 million. Financing of the 2021 Capital budget is forecast to include use of \$750,000 of current unrestricted and dedicated reserve funds and an estimated debenture of \$750,000 from ACFA. Total approved Capital budget in 2021 is \$1.52 mm which includes additional minor projects aimed at streamlining operations and also assessing long-term environment risks.

Councillor Warnock Report to Council for May June July August 2020

Note – During the Months of May and June there was daily updates and phone calls with MVSH administration to keep all Board Members up to date on all precautionary measures to keep COVID out of all MVSH facilities. This was Successful as there has been no cases to date.

The Board and Committee meetings of the Library, Historical Society, SPRUCE and Mountain View Senior Housing where all held via Teleconference or Zoom and with social distancing in person meetings are being phased in where possible.

September 2020 Update

Sept 03 – CAO Linda Nelson, Councillor Charlene Preston and I met to discuss the admissions of new residents into the Sundre Senior Facility with the requirement of 14 days of isolation.

Sept 08 – SPRUCE Committee meeting with the main agenda item of the Radio and Newspaper articles to bring awareness to Elder Abuse.

Sept 10 – Sundre Hospital Futures meeting with Minister Nixon and Minister Shandro – as Minister Shandro was in Sundre to visit the Sundre Hospital and Sundre Senior Supportive Living facilities. This to everyone's memory was the first time a Health Minister had ever visited Sundre, and it gave the opportunity to discuss the issues facing Sundre and the possibility of a New Hospital in Sundre.

Sept 10 – Mountain View Senior Housing Strategic Planning held with Social Distancing at the County of Mountainview office. – It was requested that all Board Directors and the Alternate Directors attend this meeting because of the important topics that were discussed to move forward and prepare the 2021 Budget.

Sept 14 – Attended the Regular Town of Sundre council meeting.

Sept 15 – Hospital Futures Meeting – This meeting was to discuss the Terms of Reference for the Committees that are being set up to move this forward in our community.

Sept 16 – SPRUCE Committee Meeting – The agenda covered the advertising updates and preliminary set up of a future meeting with organizations that would support Elder Abuse in our communities.

Sept 16 – Library Board Meeting – An update was given by Manager Karen Tubbs on the activity in the Library and the feed back regarding the COVID restrictions and Library's new open hours.

Sept 18 – CAO Linda Nelson meeting to discuss Planning and Development permit requirements in the Town of Sundre.

Sept 18 - - Attended as the Mountain View Senior Housing – Hospital Futures representative at the meeting with Mayor Leslie and CAO Linda Nelson.

Sept 22 – Historical Society Board Meeting – Difficulty getting a quorum to hold the meetings during the daytime – A poll will be sent out to Board Members to work on possibly a better time of day to hold these meetings. Meeting was held on Sept 29,2020

Councillor Warnock Page 2

Sept 23 – GNP Meeting – Social Needs Assessment for Seniors. Challenges facing seniors in Sundre and surrounding area are Transportation, wait list for affordable housing, wait list for lodge accommodations and the impact of COVID 19. This part of GNP's Master Services Study that will be completed in spring of 2021.

Sept 23 – AUMA Education Session – "Housing for Health"-- presentation by Dr. Karen Lee from the University of Alberta was very well received and had some great ideas for urban municipalities to consider assist our seniors to combat social isolation and getting active to control Chronic diseases.

Sept 23 – AUMA Education Session – "Municipal Mash Up" – with former Minister's of Municipal Affairs, moderated by Barry Morishita. This session was on how municipal government can work together with provincial government to get workable ideas brought forward and get the job done. The results should be focused on "Building Strong Communities" being focused by Economic Development in all centers.

Sept 23 – AUMA Welcome to Convention Session – A trivia sessions was used and there was great participation.

Sept 24 – AUMA Convention, Business sessions and AGM. --- Chaired by St. Albert Mayor Cathy Heron. great opening virtual ceremonies to AUMA's 113 Convention with the theme "Together We Can". A great journalist and a strong keynote speaker, Peter Mansbridge. The AUMA AGM was held with the President's report, the CEO report, and the Financial Report. As per the requirements that every five years the bylaw's must be reviewed, and a special resolution with the amended bylaw's put forward at the AGM for approval. The afternoon session was spent on the resolutions passed or rejected.

Sept 24 – MVSH Board Meeting – Administration is working on the completion of the 2021 Budget and gave a full report to the Board Members. RFP's for both Audit and Banking where completed and adopted as per the recommendations of the CAO. The 2020 Operations review was presented, and additional discussion was held on the completion of the 2021 to 2025 Strategic Business Plan. The Board policies on Budgets and Requisitions was reviewed and adopted as presented. A Key messages report will be completed and sent to the involved municipalities.

I attended this meeting as Alternate with Councilor Warnock.

September 11 – Greenwood Neighborhood Place – Smile Cookie Campaign – IGA Parking Lot

I had the great privilege to sell cookies for the Smile Cookie Campaign this year for GNP, as they were chosen again to receive the proceeds. Annual GNP Charity Check-stop is scheduled for October 2nd.

September 14 – Regular Council Meeting – Via Teleconference

September 16 – Window on Water Webinar – Infrastructure – Via Zoom

The presenters from Infrastructure Canada explained the programs available to all Municipalities in Canada, there is not a deadline on this funding but there is only a limited amount of funding available every year. A representative from FCM gave information of the Green Municipal Funds Program. There may be some opportunities for Sundre under this grant.

September 18 – Red Deer River Watershed Alliance Board Meeting – Via Zoom

Today we welcomed the new Executive Director of RDRWA, Josee Methot. We received an update on the big projects that we have been working on, specifically looking forward to the Stories of the Watershed project, that has aspects very close to home for us.

September 21 – 25 – AUMA Convention, including Education Sessions – Via Zoom

- Healthy and Resilient Small Communities (Education Session)
 - <u>Policing</u> The current Policing Advisory Board is creating the terms of reference for the board that will become and operational board next year, and they will have a 4-year term. There will be a policing survey going out shortly to each community, this survey will be sent to CAOs so that only one survey will be filled out by each community. The Provincial Government is enacting a review of the current Police Act and they will be using the submission created by the Policing Ad Hoc Committee from AUMA that ended this spring. In the Spring of 2021, the Province will receive the recommendations for a Provincial Police Service, this has the potential to mean a larger increase to Municipalities Police funding in the future, which merits a close look.
 - <u>Broadband</u> AUMA has established Economic resiliency Taskforce, rural broadband has always been an issue, but since COVID it has become the fore front and AUMA is actively working towards a solution.
- Dispatches from the World of Policing (Education Session)
 - The Provincial Government is continuing the Police Act review that was stated by the previous government.
 - Small Communities can form Policing Advisory Committee, generally referred to as Community Safety Committees, It will be important for Council to discuss this in the near future.
 - ↔ Detachment Commanders were tasked with holding 2 Town Halls within their Communities per year, due to COVID this has not occurred.

- <u>Unlocking Alberta's Economic Potential through Innovative Financing, Energy Efficiency and Technology</u> (Education Session)
 - Talk was around Municipalities using innovations to bring local jobs and benefits the entire province. The talk highlighted exactly what our Municipality is trying to do with our wastewater situation, if the technology is sound it has great potential for the entire Province. The MCAAC also described the Clean Energy Improvement Program which potentially could come into play for us in the near future.
- Municipal Mash-up A Conversation with former MA Ministers (Education Session)
 - Three former MA Ministers joined us and spoke about their contributions to the changes to the modernized MGA.
- AUMA Convention Day 1
 - The Keynote speaker Peter Mansbridge delivered a great opening to the convention, love or hate his past news reporting no one can deny that several of his statements hit home for a lot of us.
 - The rest of the day was a normal convention day. In the future, Council should be having a preliminary discussion on the resolutions session so that we are all on the same page.
- AUMA Convention Day 2
 - This day is Government Day, where we heard from the Prime Minister, Premier, and Ministers, some highlights were;
 - The Premier spoke about how in debt the Province is and how Municipalities need to buckle down and be more fiscally responsible. This seems to imply that there is a continued possibility of more downloading from the Province to Municipalities and less financial assistance in the future.
 - The MA Minister talked of a referendum at the Municipal election.—Our voter turnout is generally quite low, so holding a referendum at the same time might help with that on both levels.
 - The Minister of Infrastructure will be bringing in an Infrastructure Act by next spring or fall, it will include a 20-year capital plan with respect to schools, hospitals and other infrastructure that falls under this Ministry.

September 23 – Water Council Ad Hoc Committee – Future of Water Management – Via Zoom

Expecting one more meeting to finalize the terms of reference for presentation at the Water Council meeting for the beginning of November. If accepted, the working group will be starting immediately, with completion estimated in March.

September 28 – Regular Council Meeting – Via Teleconference

LEGISLATIVE ASSEMBLY ALBERTA

The Honourable Jason Nixon, MLA Rimbey Rocky Mountain House-Sundre Minister of Environment and Parks Government House Leader

September 28, 2020

Mayor Terry Leslie Town of Sundre Box 420 Rocky Mountain House, AB TOM 1X0

Dear Mayor Leslie:

On September 25, 2020, our government was proud to announce the Municipal Operating Support Transfer (MOST). This new program delivers funding provided by the provincial and federal governments to support municipal operations impacted by the COVID pandemic and actions taken in response to it.

A total of \$606 million in operating funding will be provided to municipalities under this program, including \$30 million already allocated under the Municipal Sustainability Initiative Operating program. \$140 million of this funding will be provided to municipalities with public transit systems to support public transit operating costs and revenue decreases due to COVID-19, while the remainder will be provided to all municipalities and Metis Settlements to support general COVID-19-related operating costs and revenue losses.

As you have likely seen in the program announcement from Minister Allard, Town of Sundre will receive \$281,336.00 in MOST funding. I trust this will be put to good use in your municipality to address the financial impacts caused by the pandemic.

Thank you to the Honourable Tracy Allard, Minister of Municipal Affairs and the Government of Canada for recognizing the importance of supporting Alberta's municipalities in these difficult times. If you have any questions regarding this funding, I urge you to contact Alberta Municipal Affairs at 780-422-7125 or ma.municipalstimulus@gov.ab.ca.

Yours truly,

AGE FRIENDLY INITIATIVE "Let's talk transportation"

This is your invitation to attend and participate in a focus group and assist the Age Friendly Committee of the Olds Institute for Community and Regional Development to develop recommendations for affordable and sustainable transportation.

<u>Where:</u> Olds Legion 5241 46 St. Olds <u>When:</u> Thursday Oct 29th. 2020 <u>Time:</u> 9:30 A.M. to 3:30 P.M. - Lunch will be provided

The Age Friendly Committee was endorsed by Town Council on October 13th 2015 and has:

- Developed a Survey following the guidelines as set out by Alberta Health Services.
- Conducted the Survey which had 210 participants.
- Conducted a questionnaire on Transportation at the community information night that had 103 responses.

On Oct 29th in a facilitated process we will:

- 1. Identify the gaps for affordable and accessible transportation.
- 2. Examine what resources are available.
- 3. Hear and learn how other communities are meeting the gaps.
- 4. Discuss and determine how we can close the gaps.

Please do not attend if you are not feeling well and have any Covid-19 symptoms. Covid–19 protocols will be in place including mandatory use of masks or face coverings.

For those who cannot wear masks or are not comfortable attending, we would still appreciate your input. Please click <u>here</u> to answer four simple questions that will assist us in formulating a creative plan for what could be affordable and sustainable transportation.

New Horizons for Seniors Program 270, 220-4 Avenue SE Calgary AB T2G 4X3

RE: Sundre West Country Centre (5O+ Centre)

Dear Sir or Madame,

On behalf of Council and the Citizens of the Town of Sundre, I am very pleased to offer this letter of support for Sundre West Country Centre's application for the New Horizon for Seniors Grant.

"Seniors Go Virtual – Covid Style" is a program developed to assist many of our seniors who have experienced Isolation from friends, family, and volunteer organizations due to Covid restrictions. Volunteers will reach out to those seniors who are not "technology savvy". Small groups will come together for computer classes that have been designed to teach Seniors how to access various online resources such as e-banking, utility billings, and Alberta Health Services for booking appointments and test results. Additionally, Seniors will be shown how to access and use various social meeting sites, such as Zoom and Google to enable online visiting with family, friends.

The members of the Sundre West Country Centre are a valuable resource as they provide a league of volunteers who are committed to supporting each other, other seniors and groups in our community. West Country Centre is a sustainable organization within our community, and we will continue to support their excellent level of service and community work for the betterment of all who live in Sundre. It is hoped that this letter of support will assist them in obtaining much needed funding for this innovative project.

Yours Truly,

Amda Mobe

Subject: Parkland Regional Library System 2021 Proposed Budget with Speaking Notes

Good afternoon

Please find attached a copy of the 2021 Proposed Budget for Parkland Regional Library System.

For 2021, there is a zero increase to the municipal per capita requisition. The requisition will remain at the 2020 level of \$8.55 per capita.

In compliance with your municipality's agreement with the Parkland Library Board, we require your council's decision regarding the 2021 per capita requisition by November 4th.

The next meeting of the Parkland Library Board is on November 12, 2020, where we will review the results of the municipal vote.

Parkland's Director, Ron Sheppard, is available to speak to your council or administration regarding the budget upon request. Please contact Parkland if you have any questions. We can be reached at 403-782-3850 or by email at operations@prl.ab.ca

Parkland Regional Library System

PROPOSED BUDGET 2021

Notes for the Parkland Regional Library Budget 2021

Parkland's budget is developed according to Board policy and the constraints imposed by the Parkland Regional Library Agreement. According to clause eight of the agreement – Library System Budget:

- 8.1 The PRLS Board shall prior to November 1 of each year submit a budget to the Parties to this Agreement and an estimate of the money required during the ensuing fiscal year to operate the library system. [Reg. s.25 (1)(f)]
- 8.2 The budget and estimate of money required referred to in clause 8.1 above, shall be effective upon receipt by the PRLS Board of written notification of approval from two-thirds of the Parties to this Agreement which must represent at least two-thirds of the member population; and thereupon, each Party to this Agreement shall pay to the PRLS Board an amount which is the product of the per capita requisition set out in Schedule "B" and the population of the Parties to the agreement. Payments shall be made on or before the dates set out therein.
- 8.3 The population of a municipality that is a Party to this Agreement shall be deemed to be the most recent population figure for the municipality as published by Alberta Municipal Affairs.
- *8.4 Municipalities which join the library system after January 1, 1998 shall pay a signing fee as determined by the PRLS Board.*
- *8.5 The PRLS Board shall apply to the Government of Alberta for all library grants for which it is eligible, in accordance with the Department of Community Development Grants Regulation 57/98.*
- 8.6 Notwithstanding Clause 17.1.c., any increase in the requisition requires written notification of approval from two-thirds of the parties to this agreement which must represent at least two-thirds of the member population.

Generally speaking, PRLS budgets are prepared with conservative estimates. Revenue is estimated at its minimum level and expenditures are estimated at their maximum level. For 2021, there is a zero increase to the municipal per capita requisition. The amount will remain the same as in 2020, at \$8.55.

PRLS' budget projections for 2021 use the information supplied by the Public Library Services Branch, Alberta Municipal Affairs. For 2021, we project the provincial operating grant to regional systems will remain at \$4.70 per capita and \$5.55 per capita for the rural library service grant. We also assume that grant levels will be based on 2016 population statistics. Points within the budget to note include:

- The provincial operating grant for systems is estimated using 2016 population figures and calculated at the current rate of \$4.70 per capita (line 1.1).
- The First Nations Grant is assumed to continue using 2016 population figures, the grant is calculated at \$10.25 per capita (line 1.2).
- It is assumed the rural library service grant will also be issued at \$5.55 per capita using 2016 population figures (line 1.4).
- Materials Allotment is being calculated at \$1.13 per capita (line 2.2).
- Freight has been reduced with PLSB's change to government courier services, PRLS will now have shipments dropped here at headquarters (line 2.7).
- Postage Reimbursement expense has declined with the use of Polaris and PRLS standards for libraries for ship to patron requests (line 2.13).
- The Audit expense line (3.1) has increased due to our LAPP triannual audit requirement.
- Insurance increased slightly due to adding cyber insurance to Parkland's Policy (line 3.7).
- Publicity/Trade show expenses were reduced based on five-year averages (line 3.10).
- Trustee expenses have increased by \$2,000 to accommodate the Advocacy Committee meetings (line 3.16).
- Provincial grants amount to approximately 45.5% of PRLS' total income.

At the end of the budget documents you will find the Budget Supplement. The largest planned purchase is for computer hardware from the Technology Reserve estimated to be valued at \$197,400. By approving the budget, the board is approving these transfers to and from Parkland's reserve fund accounts.

Brief Notes – September 2021

INCOME

- 1.1 The Provincial Operating grant is an estimate, based on announcement from the Public Library Services Branch (PLSB) calculated at \$4.70 per capita.

Budget Supplement

Explanation points to the 2021 Budget dealing with Capital Assets, Amortization and Reserves.

Staff make all applicable computer and vehicle purchases directly from reserves.

For IT purchases, PRLS has a very detailed Technology Replacement Schedule as it relates to maintaining our current IT infrastructure and the purchase of computers for member libraries. Based on PRLS' Technology Replacement Schedule, items being identified as needing to be replaced or newly acquired will have their costs estimated with the funds required for purchase included in the notes section of the Budget Supplement document. This amount will be shown as coming from the Technology Reserve. The amortization expense for IT purchases will be allocated and the residual value set aside in the Amortization Reserve.

Parkland will be purchasing no new vehicles in 2021. The amortization expense for vehicle purchases will be allocated and the residual value set aside in the Amortization Reserve.

In passing the budget, Board members are approving the movement of funds between reserves and operating as defined on the following pages and based on policy. Capital assets are purchased from reserves.

Speaking Notes for the PRLS 2021 Budget

For 2021, there is a zero increase to the municipal per capita requisition. The amount will remain the same as in 2020, at \$8.55

Generally speaking, PRLS budgets are prepared with conservative estimates. Revenue is estimated at its minimum level and expenditures are estimated at their maximum level.

PRLS' budget projections for 2021 use the information supplied by the Public Library Services Branch, Alberta Municipal Affairs. For 2021, we project the provincial operating grant to regional systems will remain at \$4.70 per capita and \$5.55 per capita for the rural library service grant. We also assume that grant levels will be based on 2016 population statistics.

At the end of the budget documents you will find the Budget Supplement. The largest planned purchase is for computer hardware from the Technology Reserve estimated to be valued at \$197,400. By approving the budget, the board has approved these transfers to and from Parkland's reserve fund accounts.

For further details on Parkland's 2021 budget, please refer to the notes included in your budget package.

Parkland's Director, Ron Sheppard, is available to speak to your council or administration regarding the budget upon request. Please contact Parkland if you have any questions. We can be reached at 403-782-3850 or by email at <u>operations@prl.ab.ca</u>
